

Endelave Airport,

island in Kattegat

On small

Denmark
2018

ICAO EKEL

55 45 N. 10 15 E. RWY 11/29 Gras, 650 m * 25 m. Elevation 16 ft.
Telephone: (45) 7568 9062.

The airfield is 2 kilometre west of the village, which has a harbour, church and grocery store. Inn Tel 7568 9021. info@endelave-kro.dk Several Bed and breakfast Doctor 7560 9023. Sheriff 7568 9095.

Ramsar area:No.17. is a bird reservation around the island. Don't fly below 1000 ft. unless necessary. **Listen to freq. 129.8 MHz when in landing circuit. (air to air freq. in Denmark)** No tower - no radio - no air controller - no fuel - no customs - no hospital - so fly carefully, and please no low pass. Yellow buckets at the side of the runway means that you have used half the runway.

Do not touch down too early on approach to runway 29, as there is a road and a small ditch between the neighbours field and the runway. And beside, the neighbour gets upset if you touch his barley crops. The parking area nearest the barn is reserved for vintage airplanes. Please make your pre-flight check at the parking area, not at the end of the runway ! Prior permission not necessary.

Camping under the wings is allowed in limited numbers. Drinking water is available from the tap on the west wall in the farm yard. Empty buckets near trees, they need the water. The airstrip has a special outhouse (shithouse) in the orchard near the parking area. A bathroom with a cool shower and a toilet is available. ! A tea kitchen is also there.

There is a wind sock south of the runway near the farm. Are you in doubt about the wind, just look at the wind mills. Fire extinguishers are in the window beside the front door of the farm house. In the barn are 50 reed bikes with yellow wheels, which might be used. Please place bikes for service in the straw barn to the right.

Endelave Weather <http://www.weatherlink.com/user/endelaveblaug/>

Do not overfly the village and the area with the summer cabins. Please do not walk on the runway to the beach, use the path to the west of the farm buildings. Best bathing beach is 300 meter to the south. There are seals on the sand bank 3 km west of the airfield (1000 ft minimum). Shrimp might be caught in the

shallow water just west of the airfield.

We expect you to pay a landing fee 10 EURO and a donation for use of bicycles and camping, to be payed in a plastic envelope into the big reed money box on the barn wall. Please write your plane registration and date on the envelope. - Thank you. When the farm is not occupied, please handle the place like as if it was your own.

Owner of the farm and airfield: Jens Toft, Adelvej 27, Højmark, 6940 Lem. Just

10 km north of Stauning Airport near the North Sea. Tel. 45 9734 3233.
